

## Product Datasheet - 23328

Platina Mini<br>ID : 23328<br>Input power : 12W LED Trim<br>Technical Description<br>K-Lite Ceiling-mounted recess down light. Beam angle 15° / 24° / 40°. Die-cast aluminium housing with heat sink for excellent thermal management. Anodized aluminium reflector. Polycarbonate optical lens. Protection class IP44. Powder coated white. Available colour temperature 2700K / 3000K / 4000K / 6500K, Colour rendering index (CRI)90. LED module with expected service life of at least 1,00,000 operating hours. Prewired with LED driver and suitable for operating on 240V, 50Hz single phase ac supply. Driver efficiency 887%, Power factor >0.95, THD< 12%, Surge protection 3KV. Luminaire dimension : 85mm diameter x 104mm height. C.O.D : 75mm diameter. CE Certified. Inhouse NABL accredited lab.

Wattage: 12

CCT: 2700K,3000K,4000K,6500K

Optics: 15°,24°,40°

Mounting: Fixed,Adjustable

Finish: White
